

Federal Law (28 CFR 202

1. Human `omic data collected about or maintained on more than 1,000 U.S. persons, or, in the case of human genomic data, more than 100 U.S. persons. Human `omic data includes genomic data, epigenomic data, proteomic data, and transcriptomic data;
2. Biometric identifiers on more than 1,000 U.S. persons;
3. Precise geolocation data on more than 1,000 U.S. devices;
4. Personal health data on more than 10,000 U.S. persons;
5. Personal financial data on more than 10,000 U.S. persons; or
6. Personal identifiers on more than 100,000 U.S. persons. Personal identifiers include, but are not limited to social security numbers, driver's license numbers, passport numbers, account usernames, and account passwords. This does not include publicly available information (ex: first and last name).

Does this agreement involve access to or the exchange of any of the above information? Note: You may need to share this question with the unit user (Ex: faculty member). If after sharing this question with the unit user, you are still unsure how to answer this question, please contact the Office of International Collaboration and Export Control at OICEC@ucf.edu.

Please answer Yes or No in the CobbleStone Record.
